

SATURDAY SOMATICS

Reclaiming the joy of being in the body

Giving & Receiving

from a somatics perspective

5th December 2026: 10am - 4pm

FEES: by donation

Caddaford Barn Studios, nr Buckfastleigh, Devon UK

In this workshop we will take time to be quiet & comfortable,
to recover our inner sensory awareness of how we feel,
paying attention to our sense of gravity & ground, our sense of levity & space,
our sense of breath, inner movement, sight & sound.

Through guided movement activities, at a slow & gentle pace ,
we will deepen our sensory awareness exploring our inner sensations
in the act of giving & receiving.

How sensitively can we act in our relationships with ourself & each other?

How much do we receive? how much do we give?

Teaching: Rosalyn Maynard BMCA

Informed by Elsa Gindler's Human work & Body-Mind Centering®
